

ORANGE CITY CHRISTIAN SCHOOL
PHOTO/VIDEO RELEASE POLICY

At Orange City Christian School, we welcome the opportunity to show both our constituency and the public the life and interest that our students bring to our school community. The use of photos and videos builds community, shares achievements, and promotes a positive atmosphere around school among staff and students.

During the upcoming school year, photos and video of students and/or student work may be taken and can be used in a number of ways, including:

- ❖ Website
- ❖ Local newspapers
- ❖ Social Media accounts (Facebook, Instagram, etc...)
- ❖ Promotional materials

Most of the time when student pictures and/or work is used, no names are attached to the photos. However, when names are used, only first names will be listed. One exception is for the local newspapers, who require both first and last names for historical archive purposes.

Permission for use of student photos and/or video can be revoked by parental request, applying to all or part of the policy stated above, by filling out the release use denial form and bringing it to the Front Office.
