✘ Art is important because... ✘

Christians need art in order to live fully. Visual art supplies us with a language to respond to God's world in a way that does not require words or voice. Art can help us to open our eyes to see things in new ways and the awesomeness of God's creation. The visual arts also provide a means for expressing personal ideas, thoughts and emotions. This class will help students develop creative and technical ability to communicate through the visual language of art.
