

What is T.R.I.P.?

The tuition reduction incentive program helps you save a percentage of the money you spend on everyday purchases toward the cost of tuition. When you purchase gift cards/certificates thru TRIP, you pay face value for the gift card and a percentage (rebate) is deposited to your tuition account. Here's an example:

<u>You pay:</u>	<u>You receive:</u>	<u>% Rebate</u>	<u>\$ Rebate</u>
\$50	\$50 Don's Food Center gift card	3%	\$1.50
\$25	\$25 Pizza Ranch certificates	8%	\$2.00
\$100	\$100 Fareway gift card	2%	\$2.00
\$100	\$100 Walmart gift card	2.5%	\$2.50
\$25	\$25 Subway gift card	10%	\$2.50
\$300	\$300 in gift cards/certificates	3.50%	\$10.50

Twenty percent of the rebate earnings are given to OCCS to help cover the cost of running the TRIP program (shipping, wages, inventory, postage, software fees, etc.). Eighty percent is paid toward your tuition account. In the example above, the amount towards tuition would equal \$8.40.

Cards may be purchased at OCCS during TRIP hours or ordered online.

There are also ways to earn money without the use of gift cards. We have a number of businesses who participate in our voucher program where gift cards are not required. These types of businesses include furniture stores, eye doctors, dentists, and more.

With consistent use, many families are earning money toward tuition. Don't wait! Sign up and get started today!
